**WAWA PLANS OPENING OF NEWEST FREE-STANDING LOCATION  
AUGUST 28 AT WINDSOR OFFICE PARK ON ROLLING ROAD**

*Convenience store, which will employ nearly 50 part-time and full-time workers, represents 16<sup>th</sup> location in central Maryland region*

**BALTIMORE, MD** (August 27, 2009) – Wawa, Inc. has announced plans to open a 6500 square foot free-standing location on August 28 at Windsor Office Park, a 10-acre mixed-use business community developed by St. John Properties, Inc. in Baltimore County. This represents the 16<sup>th</sup> Wawa convenience store operated in the central Maryland region by the Pennsylvania-based company that is recognized for its hot breakfast sandwiches, freshly brewed coffee and built-to-order hoagies. Approximately 50 part-time and full-time workers will be employed at this newest Wawa.

Windsor Office Park, located at the intersection of Rolling Road and Windsor Boulevard, features approximately 65,000 square feet of office space and nearly 12,000 square feet of retail space. It is located near the Social Security Administration’s main headquarters, the Center for Medicare and Medicaid Services and a number of residential communities that line Rolling Road in Woodlawn.

Wawa, which operates convenient store locations throughout the New Jersey, Pennsylvania, Delaware, Maryland and Virginia region, is a combination food market/gas station that offers a range of beverage and fresh food options including salads, fruit and Wawa-brand juices and teas. All of its stores are open 24 hours a day, seven days a week. Hopkins & Wayson was the general contractor.

“Wawa is the perfect addition to Windsor Office Park as it will provide around-the-clock food and beverage options to our existing tenants, and represents a built-in business amenity for companies considering a lease at our business park,” stated Jerry Wit, Senior Vice President-Marketing for St. John Properties. “The store features roadside visibility from Rolling Road and will draw customers from a number of area companies contained in the nearby Rutherford Business Community and federal office buildings, as well as the adjacent residential communities in the Woodlawn and Catonsville corridor.”

St. John Properties, Inc., founded in 1971 as MIE Properties, owns and has developed more than 14 million square feet of R&D/flex, warehouse, office and retail space in Maryland, Colorado, Louisiana, Virginia and Wisconsin.
